YOUR HOME, IN APULIA

Nested within 80 hectares of pristine natural splendor, our Masseria San Paolo Grande seamlessly blends 16th-century architecture with the lush embrace of the surrounding forest.

The Masseria boasts a traditional open courtyard layout and iconic 'Trullo' dwellings adorned with elegant gothic stone vaults, encompassing a historic manor house, quaint farmhouses, an ancient church, underground cellars, a spectacular natural Pool, picturesque courtyards, and rustic stalls.

At Masseria San Paolo Grande, we prioritize environmental sustainability by exclusively sourcing our electricity and water from renewable resources and advocating for circular economy principles. Our commitment to sustainability extends to our certified organic products, featuring a variety of seasonal vegetables, greens, and fruits cultivated without chemical additives in our Synergistic Gardens.

Upholding the rich culinary traditions of the Masseria, our offerings include organic meats, the freshest seafood from Adriatic Sea, and aromatic herbs harvested around the property. From our fertile fields, we harvest and mill grains to produce artisanal breads, focaccia, and handmade pasta, honoring the authentic flavors rooted in ancient peasant culture. We take pride in producing our precious Extra Virgin Olive Oils and Wines from our organic olive groves and vineyards, a testament to our unwavering dedication to quality and tradition.

Masseria San Paolo Grande is our serene sanctuary, a haven far removed from the clamor of the modern world. Here, we invite our guests to reconnect with nature, to rediscover the slow, rhythmic pulse of the earth, and to immerse themselves in a realm where silence, natural beauty, and timeless virtues are revered.
